Dear Arthur,

I am writing to thank you again for helping me with the 'short sale' of my house in San Diego. The entire process was stressful and confusing, but you took the time to explain everything to me, which I greatly appreciate. Your knowledge and experience was crucial in negotiating with my lender and navigating the complexities of the process. I hope to have the opportunity to work with you in the future, and I would be happy to provide a professional reference if needed in the future.

Best regards,

A. L. Weston
